State Senator Olshove Appointed to NCSL Energy Committee Warren Democrat Also Appointed to CSG Environmental Task Force

(Lansing)- State Senator Dennis Olshove (D-Warren) confirmed today that he has been appointed to the National Conference of State Legislatures's (NCSL) Energy Committee. Sen. Olshove, who serves on the Michigan Senate's Technology and Energy Committee, says he looks forward to having the opportunity to help shape energy policy on a national level.

"I'm pleased to have this opportunity to work with my colleagues, from around the nation, in addressing the energy challenges facing state governments," said Sen. Olshove.

"Energy is critical to our economy. NCSL provides a platform for state legislators to share ideas and coordinate efforts in energy regulation, conservation, and exploration."

The National Conference of State Legislatures is based in Washington, D.C. According to the official NCSL website, the organization is dedicated to improving the quality and effectiveness of state legislatures, promoting policy innovation and communication among state legislatures, and ensuring state legislatures are a strong, cohesive voice in the federal system.

Senator Olshove also announced his appointment to the Council of State Governments Environmental Task Force. SCG, which was founded in 1933, helps states by offering leadership training, research and information products, and regional problem-solving activities.
